Crew of "Spirit of Freeport" Hopes Events Here Will Bring Korea Conflict Home to the People

'Spirit of Freeport' Crew Gets Extra Day To Visit Relatives

Gives Exchange Club Opportunity To Dine Others Ending Big Time

The Army at the last moment extended the leaves of the sixteen members of the crew of "The Spirit of Freeport" another day so that those residing in the vicinity might visit their relatives. Consequently they will not return to the March Air Force Base, near Riverside, Cal., tomorrow. This afforded the Exchange Club an opportunity to have those who otherwise would have had no place to go at its weekly luncheon in the Elks club house. This brought to a close a round of events the like of which the "Freeport Kids" never dreamed of and probably never will experience again.

The program of events as planned by the Mayor's Committee headed by Don Welton, and the Meadow Brook National Bank was carried out to the letter. The only unfortunate thing was that the weatherman failed to co-operate Saturday and provided one of the rawest mornings just as "cushine" was wanted for the events at the stadium. The weather was so inclement that many, thinking the Stadium program would be canceled, gathered in the Grove Theatre and so missed the program.

The members of the crew of "The Spirit of Freeport" arrived at Mitchell Field slightly ahead of time Saturday morning after their overnight flight from California, and were greeted by County Executive J. Russell Sprague and members of the Freeport committee. Then coming to Freeport, they participated in a parade made up of members of veterans and patriotic organizations, the police and firemen with Samuel D. Gerber as marshal.

Just before 11 o'clock the procession reached the stadium and the Armistice Day exercises were gotten under way with the sounding of

Chamber Gives Dance At Guy Lombardo's

The social occasion for the members of the crew of "The Spirit of Freeport" was the buffet supper and dance given by the Freeport Chamber of Commerce in Guy Lombardo's East Point House Monday night. It was attended by close to 500 persons, representing largely the business interests of the community.

David Levy officiated as master of ceremonies during the early part of the evening. Joseph Goldblatt, the president, expressed pleasure at the large turnout in honor of the flyers, and taking advantage of the large assemblage, urged all to become members of the chamber so as to make it a power in the community. He thanked Mr. Lombardo and William Frey, the manager, for their generosity in behalf of "The Freeport Kids."

Irving Greblman, president of the Freeport Merchants' Association, said he had been in business in Freeport for 35 years, called the Chamber of Commerce the "mother institution" whether it be in a city,

Text Of Mayor Doxsee's Greeting To 'The Spirit Of Freeport' Crew

The following is the message of greeting delivered by Mayor Robert L. Doxsee to the members of the crew of "The Spirit of Freeport", at the reception given to them in connection with the Armistice Day exercises at the Municipal Stadium Saturday morning.

"Col. Melvin S. Hoolidge, commander of Mitchell Field, 1st Lieut. Duane F. Ohmann, commander of 'The Spirit of Freeport' and crew members of the great aircraft. It is indeed a privilege and a pleasure to welcome you to our village. This community and its people are typi-

those just back from battle in a current struggle to maintain our way of life.

"It is our great hope that from this service and the flight you have just made from Korea to the birthplace of your ship, a new spirit of public consciousness may be aroused in our people. To be a great nation, such as we are today, carries with it a great responsibility. And that responsibility in a democratic country rests entirely on the shoulders of the people. Government is no better and no worse than the people make it. We as a people have been selfish and divided in our thinking. Consequently our Government has been likewise.

"We have in our short national history of only 175 years fought seven major wars in addition to the current struggle. That is an average of one every 25 years, and the present action is only five years from the end of the last one. Each time we glorify the military and give without stint. But as soon as the battle is over, we assume our own loose thinking and let our defense go to seed. When the next crisis arises, we are totally unprepared and thousands of our best youth unnecessarily die before we are again ready for action.

"May your flight here and our small ceremony help in creating a determination not to get caught unprepared again. May it awaken us to the fact that we live in a predatory world and that if we are to survive we must command the respect of the world by being straight in our own thinking, strong in our own military, fair in our dealings with other nations and solvent financially. If we can accomplish these things we will survive; if we cannot we will perish.

"Men of 'The Spirit of Freeport' we are glad to have you here. We want you to enjoy your visit as much as we enjoy your presence. And may this occasion be one you will never forget."

MAYOR ROBERT L. DOXSEE

cal of communities throughout the length and breadth of the United States. We are happy and proud to have you with us as would be any other village under like circumstances.

"It is a unique occasion that brings you here and a unique ceremony that we are observing. It is probably the first of its kind ever held. A service in memory of those who gave their lives that we might live and a ceremony in honor of

Robert E. Patterson Meets Bomber Crew at Viebrock Breakfast

Bond Sale Chairman During War Too Ill To Attend Other Events

Robert E. Patterson, chairman of the numerous bond drives conducted in Freeport during World War II, which resulted in sales totaling more than \$2,000,000, because of his health was unable to join in the festivities in behalf of the members of the crew of "The Spirit of Freeport," purchased as a result of a campaign, conducted in November and December 1942. However, Cord Viebrock, who made his luncheonette headquarters for bond sales in the business area, wanted the flyers to meet Mr. Patterson before they returned to their base in California.

To make this possible he gave a breakfast for them Tuesday morning in his place of business. After the men had eaten, Mr. Patterson was introduced and he expressed his pleasure over the occasion. Number-

Lieut. Jos. R. Taylor Voices Appreciation Of Honors Accorded

Says Flyers All Want To Return To Village After Hospitable Treatment

By 1st Lt. JOSEPH R. TAYLOR

Dear People of Freeport:

"I'm going to start writing letters more often. I never realized the reaction that writing one letter such as the one I wrote to you people about finding the deal on 'The Spirit of Freeport,' could create. These four days with you have been wonderful, and although they passed too quickly we all feel that we received the treasures of lifetime friendships in those four days. I am an Air Force bombardier and not a writer, so I would like to state that these words are humble expressions of the grateful feeling in our hearts. Please also accept and understand words that might not be written and remember that I am using this open letter in your newspaper to express our feelings to each and every one of you in Freeport. You have made us feel that 'we belong.' This thought is engraved on our hearts."

President Should Be Followed

The people of Freeport have set a precedent which should be followed in every city and hamlet in the United States. I say this not because of the honors bestowed upon us; we have merely done our duty to the best of our ability but I say this because the war in Korea, being so far away from the United States, might be considered by most people as remote and unrelated to their personal lives. Your reception has shown us that this is not so in Freeport. It has given us a moral support which is a symbol and which will be passed to every member of the armed forces whom we might encounter or whom we know that when they are told about our experiences with you here in Freeport, they will feel an added incentive in this fight and the relationship between them and the people of the United States will be much stronger.

Want To Visit Freeport Again

I, coming from Brooklyn and feeling closer to Long Island, was particularly proud. We have all heard of Southern hospitality, but believe me, the reception and the friendship you in Freeport offered us puts Southern hospitality to shame. I have talked with my fellow crew members and to the last man our feeling is mutual in the fact that we all want to visit Freeport again as soon as this mess in Korea is cleaned up and the free men of the world can breathe free air again. Some of us will return here on our honeymoon and others will return with their wives and children. But we will return and we will again share the priceless spirit of fellowship with you.

Our only regret is that we had not enough time to mix and to meet more of you. However, this will be one of our first aims when everlasting peace is achieved and when our services are no longer needed.

Dear people of Freeport, speaking for myself, I wish to thank you with grateful appreciation and I

F.H.S. Band to Appear At Yankee's Stadium

Will Be Attraction At Game With Rams; Maneuvers Planned

The Freeport High School Band will appear as a special attraction between halves at the Yankee Stadium for the N. Y. Yankees-Los Angeles Rams' professional football game Sunday afternoon.

Led by many-time champion twirler, Cornelia Pennema, the Band will give out with some newly-arranged "pop" tunes as the musicians move from formation to formation in their precision marching maneuvers.

"Dinah" becomes a pair of banjo eyes that wink and a riverboat with a moving paddle-wheel; "Mary Lou" becomes a bell with a moving clapper and a church with a mook wedding ceremony; "My Own U. S. A." is a shield and a block U. S. complete with a setting including the Iwo Jima flag-raising pageant—as a finale.

In 15 years Director J. Maynard Wettlaufer has developed this high school Band to its now-recognized position as one of the best such marching band groups in the United States. He is a regular speaker at many marching band clinics, and

has authored one text on the subject. He was recently awarded a doctorate of music for "outstanding achievement" in the music education field.

The Band has appeared regularly at outstanding sports events in the Metropolitan area including Ebbets Field, Polo Grounds, Yankee Stadium, Grand Central Palace, Madison Square Garden, and various other sports arenas. It has been televised on many occasions and participated in three "movies."

Women's Home League Exhibit Shows Activities

An interesting exhibit depicting the activities of the Women's Home League is an exhibition in a window of Salvation Army Headquarters, 75 Church st. The work of the League is divided into four parts. First there are worship and education symbolized by instruction in cooking and a group gathered about a piano singing. Service is another branch of the League which is shown by a miniature layette and a woman sewing on a machine. Fellowship is depicted by a group gathered at a tea table.

The exhibit was arranged by Mrs. Ernest W. Newton. It received honorable mention at a display in the city. Numerous dolls, all appropriately titled by Mrs. Newton, are used in carrying out the ideas of the exhibit.

state or village. He asserted Freeport would always have a chamber of commerce to promote the welfare of the community.

Mayor Robert L. Dossie gave credit to August B. Weller and the Meadow Brook National Bank for arranging the extensive program for "The Spirit of Freeport" crew and expressed the opinion that it would be a "great thing for the village."

Mr. Weller, speaking next, said that during the four days Freeport had become known from coast-to-coast because of the television and radio programs in which the flyers participated. He said Freeport had been honored as much by the presence of the members of the Air Force here for four days as they had been honored by the community.

Mr. Levy then introduced among others, Village Trustees Cord Viereck, William F. Glacken and Leonard D. B. Smith, William J. Martin, sr., former president of the Chamber; Milton Freilich, Abraham Siegel, Louis Grant, Samuel L. Israel, Stuart K. Wallace, Sheriff H. Alfred Volmer, Judge Hilbert R. Johnson, Charles F. Mountcastle, commander of William Clinton Story Post, A.L., Wallace H. Campbell and Eddie Vasil of The Leader; Village Counsel Martin H. Weyrauch, Village Clerk Edmund T.

Cheshire and Village Engineer Herbert M. Wood

Dancing followed with a group of young Freeport women as partners for the crewmen. It was long past midnight when the festivities broke up.

Their presence in Freeport was due to the fact that while going over the ship when it was being rehabilitated for activity in Korea, a decal revealing that it was purchased with proceeds of bonds bought in Freeport during a campaign in November and December 1942, and mentioning the former First National Bank & Trust Co. Staff Sergeant Taylor wrote the bank concerning the discovery and telling some of the exploits the crew had been through. That was back in 1942. The letter was turned over to August B. Weller, president of the Meadow Brook National Bank & Trust Co., of which the former First National is a part.

After consulting with Village officials and officers of the chamber of Commerce, he invited the crew to Freeport, and the events just concluded were the result.

Alpha Omega Club Hears Missioner At Its Fourth Communion Breakfast

The Rev. Edward A. McGurkin, a missioner from Maryknoll, gave the address of the fourth annual communion breakfast of the Alpha Omega Club of Our Holy Redeemer R. C. Church, Sunday morning in the Elks club.

He was introduced by Arthur Buncie, co-chairman with Miss Cecilia Lynch, of the breakfast committee, who served as toastmaster. Before the breakfast, more than 100 members of the club attended the 7:30 o'clock mass, which was celebrated by the Rev. John P. Drab, assistant pastor, and moderator of the club.

Father McGurkin was for eight years in Rome. From where he went to Manchuria where he was when war broke out with Japan. He was immediately taken a prisoner and placed in an internment camp where he remained for three and a half years until hostilities ceased, on August 15, 1945 on the occasion of the Feast of the Assumption, after which the Russians took over the country.

He spoke of the importance of praying for missions and missionaries, and the need of the personal friendship between the Lord and one's self. Father McGurkin said the hardest thing in the life of a foreign missionary was watching the children, who are like children throughout the world, grow up into a life of paganism like their parents.

Mons. John J. Mahon, the pastor, gave a humorous talk. Mr. Buncie announced Miss Esther Barbato, a member of the club, had become a Sister of Christian Doctrine. He recalled that at the first communion breakfast it was announced that Miss Helen O'Keefe had become

a Nursing Sister of the Sick Poor, and a year later Miss Rose Guerico became a Maryknoll Sister, so three members of the group are now members of various orders.

Announcement was made that a "Side Hawkins" dance would be given in the Redeemer School Hall on Saturday night, Dec. 2, and the club was conducting its annual Christmas drive for money, food and clothing to be given needy families on Christmas. Last year Mr. Buncie said seven families were aided.

Besides Mr. Buncie and Miss Lynch the breakfast committee comprised Miss Rosemarie Clifford, Miss Margaret Burns, George Pagan and Robert Muldowney.

The officers are John J. Muldowney, Jr., president; Mr. Pagan, vice-president; Miss Burns, treasurer, and Miss Virginia Lee, secretary.

Meetings are held every Friday night in the school hall during which there are dancing, games, entertainment and refreshments.

Jr. Athena Club Aids Cerebral Palsey Fund

The Junior Athena Club has planned a series of events for the benefit of the cerebral palsey fund, which it has made its major project for this year. This was announced at the November meeting held in the home of Miss Jean Trayer, 32 Archer st. These include a Thanksgiving dance to be given in the Choral House, Baldwin, next Wednesday night. Next there will be a card party later in the month, and a cake sale in December. Miss Barbara A. Haskins, the president presided. Mrs. Frederick Hignman gave a talk on "Redesigning of H.A.S."

At the next meeting to be held in the home of Miss Betty Johnson, 349 Archer st., Monday night, Dec. 4, Mrs. Clement Winter will speak on "Christmas Glamour for the Home and Table."

Rotary Hears Talk By William Green

Calls Future Uncertain But Predicts Prosperity; Pleased by Taft Victory

A very uncertain future was foreseen by William Green of the Franklin National Bank of Franklin Square in a talk to the members of the Freeport Rotary Club after their weekly supper Thursday night in the Elks clubhouse. With the prospects of a World War looming as a result of the situation in the Far East, controls over everything, a recession in building, Mr. Green expressed the opinion that prosperity would prevail and that curbs on manufacturing other than for war materials would not be so stringent as they were during World War I.

He called for an end to deficit spending, insisting that its continuance would lead to national bankruptcy. Mr. Green was exceedingly pleased by the re-election of U. S. Senator Robert Taft in Ohio, especially as he said 40 percent of the vote for him was cast by labor indicating that labor was beginning to realize it could not blindly follow its leaders as it has been doing for sometime.

After asserting that Congress had conferred on President Harry S. Truman and his administration the greatest power ever placed in the hands of one individual, he expressed doubt as to whether it would be used wisely or to continue the trend toward a socialistic government. He predicted business would be "humming by June."

Mr. Green was introduced by Robert E. Patey, and Vice-president Theodore M. Lang presided in the absence of President Chester H. Smiley who was away on a cruise to Bermuda and the West Indies.

Local Typewriter Shows The New Royal Portable

A completely new portable typewriter replete with advanced features has just been introduced by the Royal Typewriter company, according to Local Typewriter Co., 43 West Sunrise Highway.

"It's the easiest writing portable ever presented to the public," reports Clifford Schorer, the proprietor.

Among the revolutionary new improvements on the 1951 Royal is a complete automatic margin-setting system. For the first time on a portable typewriter, new dual "Margin" makes it possible to set both left and right margins automatically.

Royal's new Speed-King Keyboard has fully "standard" typewriter dimensions and comfortable new design. Finger-Flow Keys for new typing speed and convenience.

"Picture Window" writing line visibility, triple spacing, an adjustable paper support, a synchronous paper lock scale, and Finger Comfort carriage control levers are among the important improvements on this typewriter.

Matching the beauty of the machine design is Royal's new Contour

Case. The Contour Case is a tapered, tweed-patterned, smartly styled piece of luggage which features an automatic Carriage Centralizer. This brand new feature automatically moves the carriage to center position as the case lid is closed.

The new Royal will be available in two models, Quiet Deluxe and Arrow. Both may be seen on display at the Local Typewriter headquarters.

Northwest Civics Hear Experts on Radiation

Hansen Blatz, chief of radiation for the New York Area of the Atomic Energy Commission, addressed the Northwest Civic Association at its monthly meeting Monday night in the cafeteria of the Seaman ave. school.

He explained that in the event of an atomic attack the greatest loss of life would be caused by the internal heat which is developed and is almost unmeasurable but which passes off almost instantaneously. He said that if warning of an impending attack can be given in time, people should rush below ground or get behind some shield, preferably concrete, to escape the force of radiation, and the chances of their surviving the attack would be good.

F. Gordon Edwards assistant director of Civil Defense, outlined the organization being set up in Freeport for the protection of its citizens in the event of a bombing or other disaster. Charles J. Jessup, chief air raid warden for the northwestern area, appealed for volunteers as wardens to serve in the district.

President VanBaar Brown presided. Refreshments were served following the meeting.

Christmas Seals Goal Is Set at \$165,000

A goal of \$165,000 has been set for the sale of Christmas Seals in Nassau County, Mrs. Theodore O. Streibert, chairman of the committee of the Tuberculosis and Public Health Association, announced today. Speaking about the figure, she said:
 "This is the greatest request for financial support our Association has ever made. But it is most vital that we achieve it this year. Our program for the coming year, which is entirely supported by the sale of Christmas Seals, has been greatly expanded in every field to meet the needs of Nassau's tremendously increased population."
 "This program includes work in the fields of Tuberculosis prevention, Rehabilitation, Heart Service, School, Health, Community Health and Mental Hygiene."

Freeport Roosevelt Hadassah Unit Greet 49 New Members At Meeting

Forty-nine members recruited during the recent drive were welcomed into the Freeport-Roosevelt Chapter of Hadassah at a meeting held in Temple Beth Israel by Mrs. Charles Friedman, the president.

Mrs. Benjamin Breitschneider, chairman of Hadassah Medical Organization, spoke of the need for a new medical center in Jerusalem. "Hadassah will seek to raise funds for the erection of a center in Jerusalem to consist initially of a hospital and nurse's training school to replace the inadequate structures in which the medical staff is currently working," she said.

"Hadassah's medical organization was forced to seek temporary refuge in these quarters when the Arab fighting compelled it to abandon its magnificent hospital atop Mt. Scopus, just outside Jerusalem. Mt. Scopus is currently under supervision of a UN custodial force pending a solution of the entire Jerusalem issue. However, even if the Mt. Scopus hospital was available, the phenomenal growth of Jerusalem and Israel, brought about by unprecedented immigration, has made the need for enlarged medical and hospital facilities imperative."

The highlight of the meeting was a musical comedy entitled "Alice in Quota Land." It was written by Mrs. Allen Barber and directed by Mrs. Sol Silver. Members of the cast were Mrs. Irving Scheidlinger, Mrs. Nathan Hausfather, Mrs. Joseph Goldblum, Mrs. Arthur Kurtz, Mrs. Lawrence Spevak, Mrs. Paul Shebar, Mrs. Maurice Schen, Mrs. George Helfand, Mrs. Irvin Pradkin, Mrs. Arthur Ahi, Mrs. David Spitz, Mrs. Sydney Shebar, Mrs. Benjamin Feinsilber, Mrs. Jack Kinberg and Mrs. Abraham Gutman.

Tribute to Flyers a Memorable Occasion

Events of the past week in honor of the crew of "The Spirit of Freeport" will remain long in the memory of the 16 members of the Air Force and the residents of this community. It was an unusual occasion and brought out the best there is in the community. Everyone who had a hand in making the occasion a success did his or her utmost in a manner that redounded to the credit of the community.

The occasion undoubtedly set several precedents. First, it was probably the first tribute ever paid by a community to the crew of a bomber purchased from the proceeds of the sale of War Bonds and named in its honor. Secondly, it probably was the first time the entire crew of a fighting plane ever came directly from the scene of conflict to receive the plaudits of a village or a city. However, the idea may catch on throughout the country, as "The Freeport Kids" appeared on radio and television programs that reached audiences from coast-to-coast; and other communities may endeavor to emulate the Freeport proceedings while flyers seek for deals in their planes.

All this was quite accidental, for if the crewmen had not discovered the deal in the ship that revealed its identity and decided to acquaint the people of the community with some of the achievements of the B-29 bomber, the history of "The Spirit of Freeport" probably would never have come to light, and the men would not have received the invitation to visit the community. But they did. They have come and gone and the occasion will be one memorable in the history of Freeport.

Towns Teens

By FRANCES PRATT

This weekend Freeport High was able to squeak by with the narrowest margin of the season with a spectacular 7 to 6 win over previously undefeated Westbury. All the credit for the win goes to TONY PRIMAVERA who kicked the magnificent extra point. This game was a thriller from the beginning to end! The only thing that stands between Freeport and an undefeated season is the Baldwin game this weekend. Baldwin lost its first game on Saturday when it was defeated, 21 to 6, by Mepham. The performance of the band was greatly missed at the game. Here's hoping they give a bang-up performance at the Baldwin game.

"The Spirit of Freeport" really brought fame to our village. . . The parade was really something to see—ditto the various television shows the crew appeared on. . . I spent last weekend at West Point. . . That Army game was really something to see. . . 61 to 0 sounds kind of fantastic, doesn't it? But that was the score. The place was literally crawling with boy scouts—17,000 of them. . . The stadium had never served more people than it did on that day. ANN BILLMEYER, SUSIE MILLER and PEGGY LANKEHAUER were also there.
NEWS AND VIEWS OF F. H. S.
 Everyone was awfully sorry to hear that MISS ROGERS, shorthand teacher and faculty adviser of flashings was taken to the hospital for an appendectomy. The Junior Prom is only two weeks off so make your plans now fellows. DIANE JORDAN appeared on Jinx & Tex television show on Monday night. JERRY SIMANDL has had the heavy cast removed from his leg and now can hobble around quite well. The new air raid drills are real "George" affairs.

Elks Give Breakfast To Honor the Crewmen
 The Freeport Lodge of Elks paid tribute to the members of the Crew of "The Spirit of Freeport" at a breakfast served in their honor Sunday morning on the porch of the clubhouse.
 Thomas N. DeGiacomo, chairman of the Fraternal Center for veterans, welcomed the sixteen crewmen, and explained that each lodge conducted such a center of which all service men and women were welcome. He urged the men to feel at liberty to visit the Elks lodge in any city in which they happened to be.
 Exalted Ruler George W. Barnes, when introduced, said he regretted he could not do as the veterans' posts had done by making the flyers members of the lodge. Referring to the remarks of Mr. DeGiacomo, he urged the men to take advantage of the Elks Fraternal Centers in any cities where they were stationed.
 The various officers of the lodge were introduced.

Lieut. D. F. Ohmann's Address at Stadium

The following is the text of the speech given by 1st Lieut. Duane F. Ohmann, of Virginia, Minn., commander of "The Spirit of Freeport," at the Armistice Day rites at the Municipal Stadium Saturday morning.
 "Armistice Day has become an occasion when we Americans not only commemorate an achievement in our history, but we commemorate the individuals, soldiers, sailors and airmen, living and dead, who by their sacrifices have made our country what it is today.
 "On this Armistice Day in 1950, our country is involved in a tragic conflict with the Communistic forces of North Korea. Right at this very moment Americans are dying on the battle fields of Korea. They are fighting and dying, defending the American way of life.
 "For the first time in an unprecedented action the freedom loving people of the world have taken up arms in a United action to fight for peace under the flag of the United Nations.
 "Through this international organization established to maintain peace in the world we are very close to a cherished dream of mankind, to live in peace with our neighbor.
 "We owe it to the people who have sacrificed so much to our children and future generation once and for all to solve this problem of world peace.
 "We owe it to Maj. Jones and his gallant B-29 crew who died on their last mission over Korea, just before our squadron returned to the United States.
 "These men have given their lives fighting under the banner of the United Nations. Many others have also made the supreme sacrifice. It is our duty, yours and mine to establish this world peace that they died for, to make it a reality, to defend it in time of emergency.
 "The United Nations is our highest hope for World Peace. Its success will be one of the greatest gifts that we can give to mankind.
 "May God give us the courage, the guidance and the strength to make this a reality in our life time."
 In conclusion Lieut. Ohmann said he thanked everyone on behalf of himself and crew for making it possible for the men to come to Freeport.

MAN ABOUT TOWN
 By EDDIE VASIL

"With or without offense to friends or foes, I sketch your world exactly as it goes"—Byron
FROM MAYOR BOB DOKSEE TO GUY LOMBARDO AND BILL FREY . . . "I honestly believe," said Mayor Bob Doksee, "That the gesture and generosity shown by Guy Lombardo and Bill Frey in being hosts to more than four hundred guests last Monday night at the East Point House, is a sincere symbol of the faith they have in Freeport and its Chamber of Commerce. I want to congratulate them for the wonderful part they have played in this community project."

FREEPORT SPECIAL POLICE out-did themselves with another wonderful installation ceremony at OTTO KUNZ' Sea Breeze Restaurant. JUDGE HILBERT R. JOHNSON again proved his mastery as a master. The Mayor and Village Board with other village officials and guests complimented past President SAM WEEKS and President-elect GEORGE MARSHALL for the wonderful work that this group of public servants has performed.

DURYEA ORCHID CREATION . . . The only reward a columnist gets is in the mail that he receives from his readers. The payment is more than sufficient because these letters inform him of the reception of our literary offerings. There is one woman in particular who has never missed one week in writing to this reporter. Sometimes it's complimentary and sometimes it's critical, but always it's welcomed. So, for her loyalty as a reader and for her interest, it gives me great pleasure to award the lovely DURYEA ORCHID to an equally lovely woman, MRS. CORYDON M. JOHNSON of 181 Roosevelt Avenue, Freeport.

UNCLE JOSEPH OF FREEPORT . . . There is a certain business man who likes children so much that he is going to play Santa Claus not only at Christmas but through the year. MR. JOSEPH of the FREEPORT BEAUTY SHOP has a surprise gift for all girls up to twelve years old. No strings attached, just send your name, address, and birthday to Mr. Joseph, Freeport Beauty Shop, 52 W. Merrick Rd.

THOUGHTS WHILE STROLLING . . . Lovely PAT RUTT will tell it to the preacher man when she says "I do" to handsome RALPH VANDERBILT. REV. JAMES G. HARRIS won accolades from the official and regular audience for his wonderful innovation during the "Spirit of Freeport" ceremonies, Saturday. . . Interesting sidelight during this affair: Ex-Mayor CYRIL C. RYAN thoughtfully serving coffee to the guests in a time of need. (He always has been one of our most sociable fellows.) Note to American Legion Commander CHARLIE MCQUINN: Thank you for your kind letter. It will be one of my most treasured souvenirs. You're a great bunch and I could never do enough to do justice.

EDITORIALS . . . Your writer realizes that at this time of the year citizens and merchants are repeatedly requested to donate for various worthy causes. But since charity is one of the pillars of true fellowship in life it is felt that a few words about the South Nassau Hospital Building Fund Campaign would receive your favorable and generous attention. The house-to-house canvass in Freeport has started. Nassau County should have 2,444 hospital beds. WE ONLY HAVE 931. The health of every resident in this county is in danger. WE DO NOT REALIZE THIS UNTIL SICKNESS OR ACCIDENT HIT OUR HOMES. This cause is for a non-profit community hospital. It is the first appeal since the original building campaign in 1928 and the funds will be used for additional facilities only. Rich or poor, regardless of race, creed or color, there is not one of us immune from sickness and accident. I beg you to give as much as your heart and your purse justifies. Remember the South Nassau Community Hospital now because it will not forget you in time of need.

ST. ROCCO SOCIETY . . . Your reporter honored by invite from CARMEN COSTANTINO, President of the St. Rocco Society of Freeport, to act as installation officer during the ceremonies Armistice Day evening. Although many words have been said about this wonderful organization, and about its organizer FRANK COSTANTINO, and the other officers and members, yet, more words cannot do justice in expressing the true and symbolic spirit of this group. It is an organization in which the older members set the foundation and then turn the reins over to their sons to handle. It is an organization in which the women participate equally with the men; in which the young and the old both shoulder the work and responsibility. The St. Rocco Society is definitely an asset to this community; one that is based on the principles of Americanism, brotherly love, and the teachings of God. The Rev. Drab offered the blessings of the Church and led the group in prayer. Ray Keltner was an honored guest at the affair. The best of wishes to the following officers who will head St. Rocco's during 1950-51: CARMEN COSTANTINO, president, EDWARD MENDICINO, Vice-President, FRANK COSTANTINO, Jr. Recording Secretary, ANTHONY FITTUTO, Financial Secretary, FRANK DE GESU, Treasurer, FRANK LAZIO, Receptionist Officer, and Trustees PAT CARNI, FRANK VALLONE, and MARINO CARRA.

OFF THE GRAPEVINE . . . Many clues being seen by this writer for a move to request a five-day week for our local boys in blue. . . At architect, ED LUMLEY JR., who handled some of the biggest projects on L.I., made the BILLY MADSEN's very happy when he agreed to handle their little addition. . . Nomination for police person that's a huge plant in his shop. . . Here tell that CHUBBUCK'S DRUG STORE. (Sorry we don't know her name) A poison pen not to the people who borrow books from lending libraries and never return them. (These little stores have to pay the cost) . . . It's too bad he's a banker because BILL MARTIN JR. does such a swell job handling the hike during the FHS games that he easily could become a top radio or TV announcer (photogenic, too). Marvellous MARGE HEUBERER doing business at the same old stand, (Municipal Building receptionist) after a stay at Nassau Hospital. We're all happy for she is such a wonderful person. . . Don't forget coon of the Sunshine State.

THEBETS . . . Freeport Library so over crowded that they have to stack the books in the attic. (In this city of near 30,000 people, can't something be done to help this situation?) . . . What's this about a radar factory locating near the Bay Estates area? . . . CORYDON M. JOHNSON expanding into one of the largest advertising syndicates in America. . . The big change in the newspaper. . . Here tell that SCHULTZ SPORTING GOODS built a special side entrance so that JACK MULDOWNY can make his 6:00 P. M. dash in record breaking time.

Crew of 'Spirit'

(Continued from Page 1)
might add tears in my eyes. I am writing this letter after spending precious moments with my mother, father and my family. You made this meeting possible, and you, the people of Freeport, brought unexpected joy into the hearts of my loved ones, that words, regardless who could write them, would not do justice to in explaining.

I might add that undoubtedly when we tell other flight crews of our experiences, they will scrape every inch of their planes looking for details or clues identifying the efforts of other communities. I doubt, that even if other receptions are given, they could compare with the one that we received in your village.
I would like to mention each person that we met and to thank them, but there were so many that we feel you will understand and accept this

letter as written to each individual. I am a precision bombardier and supposedly a man who deals with cold figures and facts. However, I am amazed by a warm feeling of sentimentality at this time. May God bless you all, and may you enjoy all that life has to offer. We have pledged ourselves to sacrifice even our lives to protect those cherished things that mean freedom. With your help we will continue in this fight to protect our homes and your homes, our loved ones and your loved ones.

Sincerely yours,
from the members of the crew of "The Spirit of Freeport"

How to make good coffee...every time!

Here's an easy way to make good coffee every time—economically!
Have your coffeemaker scrupulously clean. Be sure your coffee is fresh, and the correct grind for your coffee pot. Always use freshly boiling water. Measure coffee and water carefully. The best rule is 2 level tablespoons of coffee to 8 measuring cups (or 1 ordinary cup) of water for each person.
Especially recommended for fine flavor are Eight O'Clock, Red Circle, and Boka Coffee...brought to you exclusively by A&P. Sold in the flavor-sealed bean and "Custom Ground" to order, they're extra fresh. You'll make the best-tasting coffee ever—and save money in the bargain!

Now, following the consolidation of its subsidiaries, the Queens Borough Gas and Electric Company and Nassau & Suffolk Lighting Company, into a greater Long Island Lighting Company, we are in a still better position to keep pace with Long Island's phenomenal growth.

It shall continue to be the purpose of everyone in our organization to do his and her part to maintain adequate, reliable and economical gas and electric service which shall be at the command of every customer.

Today — as in the past — our goal will be to grow soundly with Long Island — to look ahead, plan ahead and build ahead.
